## NEWS RELEASE

FOR IMMEDIATE RELEASE – June 28, 2024

Contact: Robert Faley  
Director of Public Works  
(508) 945-5155; [rfaley@chatham-ma.gov](mailto:rfaley@chatham-ma.gov)

### **Sewer Construction Update**

Chatham – C.C. Construction, Inc. will be continuing work for the Phase 1D-2A: Route 137 – Morton Road Sewer Extension Project (1D-2A) and the Queen Anne Pumping Station (QAPS) Upgrade.

Dig It Construction LLC will be continuing work on the Phase 1E-2 – Stage Harbor Road Sewer Extension Project (1E-2) beginning in September. Robert B. Our Co., Inc. will be commencing work on the Mill Pond Pumping Station Upgrade (MPPS) and C.C. Construction, Inc. will be commencing work on the Phase 1C-5 – Oyster Pond Sewer Extension (1C-5) this coming September.

#### **Work for the months of July and August:**

- ***No sewer related roadwork or closures will be taking place.***
- Sewer testing or manhole work may occur over the summer, but impacts will be localized to that specific work area. Police detail(s) and signage will be in place in these areas.
- Pump Station site work is expected to continue through the summer at Pump Station #3 (Meetinghouse Road), Pump Station #4 (Twine Field Drive), and the QAPS (40 Queen Anne Road; at the SE corner of Queen Anne Road & Oyster Pond Furlong).
- Contractors may begin to provide notifications to homeowners this summer in preparation for fall sewer work. This is done by placing green stakes with placards and associated pavement markings. These stakes and placards indicate the designed location where homeowner lateral stubs will be installed. Please review the placard/notification and reach out to the contact number provided if another location is preferred. Please refer to the Town's website for upcoming projects and the areas of work planned.

**Weekly press releases will resume once September work is scheduled.**

***\*\*Please note that work associated with the Mill Pond Pumping Station is expected to affect access to the Town Landing beginning around mid-September. Additional information will be provided by the Harbormaster to all permit holders as the Contractor's schedule is confirmed for this area.\*\****

Please note that this is a projected schedule and will be adjusted accordingly based on the Contractor's actual progress and the weather.

Roads will be passable at the end of each day. Police Details and Contractors will work with residents to ensure their needs for access are addressed.

Police Details and signage will be in-place to assist motorists in reaching their destination.

Normal work hours are 7:00 AM to 4:00 PM Monday to Friday, weather permitting, unless otherwise noted.

Sewer construction updates are being posted to the Town's website under the "Projects" icon as the primary information site for residents at <http://www.chatham-ma.gov>. We encourage you to visit for additional information regarding the CWMP and other important projects and events in Town.

Thank you for your patience and cooperation during this important project to restore and protect our environment.
